DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The prior art of the record does not teach or suggest a supporting structure for a main passage, wherein air flows through the main passage and interacts with the blade structure; and first and second side passages, wherein the first and second side passages are delimited by first and second sidewalls of the casing structure, respectively, and wherein the first and second side passages converge toward one another near the air outlet forming a zone of low pressure downstream of the rotor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Communication
